TITUS BREAKS TEN-MILE BICYCLE

New Record for Every Mile After the First-Slim Attendance at L. A. W. Races in Minneapolis.

NEW YORK, Aug. 14.-The most notable of the day at the Manhattan Beach cycling events to-day was Fred Titus's smashing of the ten-mile bicycle record of 21:30 3-5, held by Harry Maddox. Titus got behind the quad in the start, and this so discouraged Maddox that he dropped a lap before the second mile was finished. At the end of the third mile, Maddox dropped out. Titus then turned his attention to the record, and he fractured it every mile after the first. It was originally intended to pace the mile with two quads, but one of them broke down and two tandems were pressed into service. The pacing was not fast enough for Titus, who on the last mile cut out the pace for the tandem. He finished by knocking the record down to 20:58 4-5, a cut of 40 4-5 seconds. Had there been another quad to pace. Titus would have done much better. It was a great performance, and aroused great enthusiasm. The record by miles is as follows:

Titus closed last season with the ten-mile record to his credit, having covered the distance at Springfield, Mass., in September,

Harry Tyler rode like the wind in placing the mile record at 1:49 2-5 and the two miles at 3:56. The previous records were 1:53 and 3:56 2-5, respectively. About \$2,000 was realized for the charity fund. Bob Fitzsimmons gave a sparring exhibtion for the benefit of the fund. Other features were a half-mile race, be Other features were a half-mile race, between James J. Corbett and Harvey Wheeler. Corbett handles a wheel very cleverly, and he and Wheeler made a good finish, Corbett winning by two feet. Summary:

Effort to Break a Record. CLEVELAND, Aug. 14.-Gimm began his effort at the Cleveland Driving Park, today, to break the 24-hour bicycle record. He started at noon with track and weather conditions favorable. During the first two hours Gimm rode 41% miles and it was thought then that his chances for smashing the record were excellent.

FIVE YEARS AT HARD LABOR.

Ex-Treasurer W. W. Taylor Given the Full Limit of the Law. PIERRE, S. D., Aug. 14 .- Ex-State Treasurer W. W Taylor, who defaulted last January, was called by Judge Gaffey in ccu t | day. Victor B., at 20 to 1, was the only to-day and had nothing to say. The judge gave him the limit of the law, five years at hard labor in the Sloux Falls penitentiary.

The court room was crowded to hear judgment pronounced on the defaulting ex-State Treasurer. When asked if he had anything to say why sentence should not be pronounced on him, Taylor, in a low voice, replied: "I have not." Judge Gaffey then reviewed the case and the different statutes bearing on the forime. He considered the much-discussed Section 1665 void and did not believe a two-year sentence was intended to cover such a case as this, He considered that Taylor's worst crime was in attempting to force a compromise after gathering together all State funds he could lay his hands on. A sentence of five years at hard labor was then pronounced.

Taylor's Attorneys Pleased. MINNEAPOLIS, Minn., Aug. 14 .- A Pierre. S. D., dispatch says: The attorneys of W. W. Taylor are jubilant in the belief that

CHICAGO'S CIVIC FEDERATION SE CURES AN INJUNCTION.

The Track Enjoined from Selling or Leasing Betting Privileges-Results of Yesterday's Running Races.

HARLEM, Aug. 14.-The Civic Federation to-day secured an injunction to restrain the Chicago Fair Grounds Association from selling or leasing betting privileges at the track. Hand books have been made, but the statutes do not prohibit such betting. The meeting thus far has been a great success in every respect, and, while the track will close Friday for the harness meeting at Washington Park for one week, the owners and track officials think that racing will be resumed on Monday week, and that fresh horses will be here. Favorites Suffered. NEW YORK, Aug. 14.-Favorites suf-

fered at Aqueduct to-day, well-backed outsiders landing the money in most of the races. In the opening event, Terror III and Fred K. were equal favorites, but were unplaced. Unity and Ben Naiad had a driving finish, in which the former won by a head. Black Bonnet fell and Wynn, the jockey, was slightly bruised. In the second race Rebea was an even-money favorite. Millie L. led for half a mile, when Irvana and Rebet went to the front and had it out between them, the former winning by a nose. Emotional was an odds-on favorite in the third event, and it looked at one time as if she would lose. Heretic led into the stretch and a furlong from home both Heretic and Emotional were interfered with and shut out. Emotional was so much better than the rest that she made it up and won. Charade was selected to carry the money for the talent in the fourth race, although Roundelay was backed down from 6 to 1 to 21/2 to 1. The latter ran out on all the turns and was last. The task of giving thirty pounds to Hermanita in his third race in three consecutive days was too much for Charade, and he was beaten a head under the whip, with Hermanita hard held. In the fifth race King Gold and Pav or Piay were equal, favorites, but the latter refused to run until the last quarter, when he could not catch the others. King Gold and Campania fought it out to the finish, but the former was the stronger. Summarles:

First Race—Six furlongs. Unity, 6 to 1, won; Ben Naiad 6 to 1, second; King Hero, 10 to 1, third. Time, 1:03.4.

Second—Five furlongs. Irvana 6 to 1. won; Rebea, even, second; Venitia, 5 to 1, third. Time, 1:031/2.

Third-Five and a half furlongs. Emotional, 7 to 10, won; Heretic, 8 to 1, second;

Hermia, 5 to 1, third. Time, 1:0934.

Fourth—Mile and one-sixteenth. Hermanita, 7 to 1, won; Charade, 4 to 5, second; Roundelay, 2½ to 1, third. Time, 1:52½.

Fifth-Six and a half furlongs. King Gold, 7 to 5, won; Campania, 8 to 1, second; Pay or Play, 7 to 5, third. Time,

Sixth—One mile. Sunup, 4 to 5, won; Jack the Jew, 7 to 5, second; True Penny, 4 to 1, third. Time, 1:45.

Dorlen, 1 to 40, Beaten. SARATOGA, N. Y., Aug. 14.-Dorien, August Belmont's new purchase, failed to win the Rancocas stud stakes at one mile notwithstanding that he was a 1-to-40 choice. Only two went to the post in this event-Dorlen and Victorious. The former led by a small margin for three-quarters and then, in a furious drive. Victorious and then, in a furious drive, Victorious crept up on Dorien. The excitement was intense, for they ran locked up the stretch, Victorious winning by half a length. The attendance was fair. Heresy and Marsian carried a lot of money in the first race, but both were beaten, Falling Waters having the call by a head. In the second Sandowne looked like a winner up to the last furlong, when Song-and-Dance won by a length and a half. Summaries:

First Race—Five furlongs. Falling Water, 5 to 1. won; Heresy, 8 to 5, second; Marsian, 8 to 5, third. Time, 1:02%.

Second—Mile and one furlong. Song-and-Dance, 11 to 5, won; Saragossa, 4 to 5. Dance, 11 to 5, won; Saragossa, 4 to 5, second; Ajax, 15 to 1, third. Time, 1:564.

Third—Rancocas Stud stakes; one mile. Victorious, 20 to 1, won; Dorien, 1 to 40, second. Time, 1:43.

Captain Brown Was a Dump. DETROIT, Mich., Aug. 11.-Three hot favorites, a second choice and an outsider won at Windsor to-day. Captain Brown was a big dump in the first and his owners have decided to let up on him for a few weeks. Fay Belle should have beaten Serena in the fourth, but Irving, on Serena, outrode Keither, Fay Belle's rider, and landed the purse. Thorpe rode three winners. Results:

First Race-Six furlongs. Clara Bauer first, Captain Brown second, Monte Penso third. Time, 1:14½.

Second-Five furlongs. Star Beam ffrst,
Minnie Clyde second, Lillian E. third. Third-One mi'e. Grannon first, Hazel Hatch second, Somersault third. Time, 1:42. Fourth-Five and a half furlongs. Serena first. Fay Belle second, Dr. Kellog third. Tirre, 1:18%.

Amphitrite Outsails Yampa, and Niagara Meets with an Accident. COWES, Ise of Wight, Aug. 14.-In a nice, whole sail, westerly breeze this morning R. S. Palmer's crack American schooner cruiser Yampa was defeated by Mr. Frederick Wills's English cruising-schooner Amphitrite, in a race for a prize of f100 over the old Queen's course of fifty miles. over the old Queen's course of fifty miles. The contest grew out of the fact that when Yampa won Lord Iveagh's two hundred guinea cup on Wednesday last, over the same course, Amphitrite being second, Mr. Wills protested against the cup being awarded to Yampa on the ground that the latter carried nine men in her crew in excess of the number allowed by the rules governing the contest. Yampa allowed Amphitrite seven minutes forty-one seconds and the latter sailed by Captain onds and the latter sailed by Captain

Gomez, of Meteor.

The great lead which Amphitrite obtained over Yampa in the beat to the first mark bcat, Lymington Spit-over twelve minutes in less than two hours-is somewhat accounted for by the fact that the American schooner ran too close in shore while or the starboard tack and grounded, causing her to lose a minute or two. But it is not thought that this had any great effect upon the eventual result of the race. RYDE, Aug. 14.—In the regatta of the Rypal Victoria Yacht Club to-day, Inyoni, Luna, Audrey, Niagara, Vineta and Isolde started in the race for the twenty raters over a twenty-five-mile course. When over a twenty-five-mile course. When Niagara had the lead on her competitors off Ryde her stay sail carried away and she was compelled to retire from the race. Audrey won with Isolde second and Inyoni

Valkyrle III Passed at Sea. NEW YORK, Aug. 14.-The steamship Jersey City, which arrived at quarantine this afternoon from Bristol and Swansea, reports that on Aug. 3, at 5 p. m., in lati-tude 51.30, longitude 22.40, she passed a cut-ter yacht steering west, evidently the Va'kyrle III. A fresh westerly wind with hazy weather prevailed at the time.

SAULT STE. MARIE CANAL. What Government Is Doing for Its En-

largement and Improvement.

During the recent visit of Secretary La-mont to the Northwest he took occasion to examine the grain-carrying water route which Uncle Sam has for some years been constructing, the one result of this inspection may be seen in the recommenda-tions which he will make to Congress for the centinuation of the work. The Sault Ste. Marie canal is at the en-

trance of the highway thus provided. Be-tween Lake Superior and Lake Huron tween Lake Superior and Lake Huron there is a drop so great as to create rapids in the St. Mary's river which ships cannot risk shooting. Accordingly the United States has constructed a ship canal and locks around the St. Mary's falls, which, admitting vessels at the Lake Superior end, allows them to drop slowly through and letting out of the water until the Lake Huron level is reached, when the lower gate is opened and they can pass through again.

This work was originally undertaken by the State of Michigan more than twoscore years ago. Indeed, its first suggestion dates back more than half a century; but delays were experienced, and work on it was not atcually undertaken until 1853, when a company was organized, under an act of the Legislature of New York, which, at a cost of about \$1,000,000, or nearly double as much as was estimated, carried out the enterprise, completing it in two years, as agreed upon and opening it in 1855.

The enormous value of this waterway in transporting not only the grains but the ores of the Northwest became at once ob-

vious, and the canal in turn developed the industries of the Northwest, so that soon enlarged facilities were needed. Congress had contributed 750,000 acres of land, which had contributed 750,000 acres of land, which had been used as an element of value in the construction of the original canal, the contractors taking this land in payment for the construction. However, it became evident that, in order to secure a proper amount from the federal treasury for its improvement, it would be necessary to transfer the canal from the ownership of Michigan to that of the United States. This was accomplished in the year 1881. In the meantime, however, Congress had, eleven years earlier, made an appropriation of \$150,000 for a more capacious lock, and this was completed shortly after the transfer just spoken of, and is now in use. The total amount of expenditures on the lock and the improvements of the canal exceeded \$2,150,000. \$2,150,000.

But history repeated itself in this case, since by the time that lock was completed it became obvious that a new and much larger one would be necessary. Congress was successfully appealed to, and half a dozen years ago the huge lock now under construction was undertaken. It will be open for use next year. Briefly stating its dimensions, it has a length of 800 feet between gates and a width of 100, and will accommodate vessels drawing twenty-one feet of water. This is sufficient even for the great whaleback barges and steel steamers that carry from 50,000 to 100,000 bushels of wheat. The stone side walls of the lock are 1,100 feet long in all and forty-three feet high. The work on the big steel gates, which are five in number, including both the lock and guard gates for the both the lock and guard gates for the upper, lower and intermediate locks, is already nearly or quite completed, and so is to be done during the present year and the greater part of the next is the construction of the approaches and the cribs.

To show the need of this work it is of the canal. What ren enough to state that the freight carried in 1894 through this canal was much more than double what was carried six years previous. Indeed, the enormous amount of more than 13,000,000 net tons was carried

ready there than through the canal of The government has done other services for the Northwestern grain traffic, including the digging of a submerged canal in the shallows below Lake Huron, called the St. Clair flats, and the blasting out of the ridge of rocks across the Detroit river, known as the Limekiln crossing; and doubtless it will find still other work to do.

in that season, which was an increase of more than one-fifth over the preceding season; and that was done with the present facilities. Thus more freight is carried al-

My Dear Cumback-I have read your book "Society and Life," and thank you for the pleasure you have given me. There are passages in it which remind me of Emerson, and then again I stumble on a bit of delicate raillery which reminds me of Elia. Nobody will read those lectures without amusement and profit. Which do I like best? I answer without hesitation, first, "Our Neighbors," then "The Common Man." The comparisons in "Confucius and Solomon" are delicious and excellent. That lecture drove you to study. I like it; but somehow it has not the everyday relations the others have. I touch elbows with "Our Neighbors" and with "The Common Man," while I find it difficult to get and keep step with the Heathen Chinee and the unstable King of the Jews. Governor Cumback's Book. Above these considerations, however, is the fact that your book will materially help our much-abused State to credit. Very truly, your friend,
